

# WEEKLY CRIME REPORT

4<sup>th</sup> February - 10<sup>th</sup> February 2020

# OVERVIEW

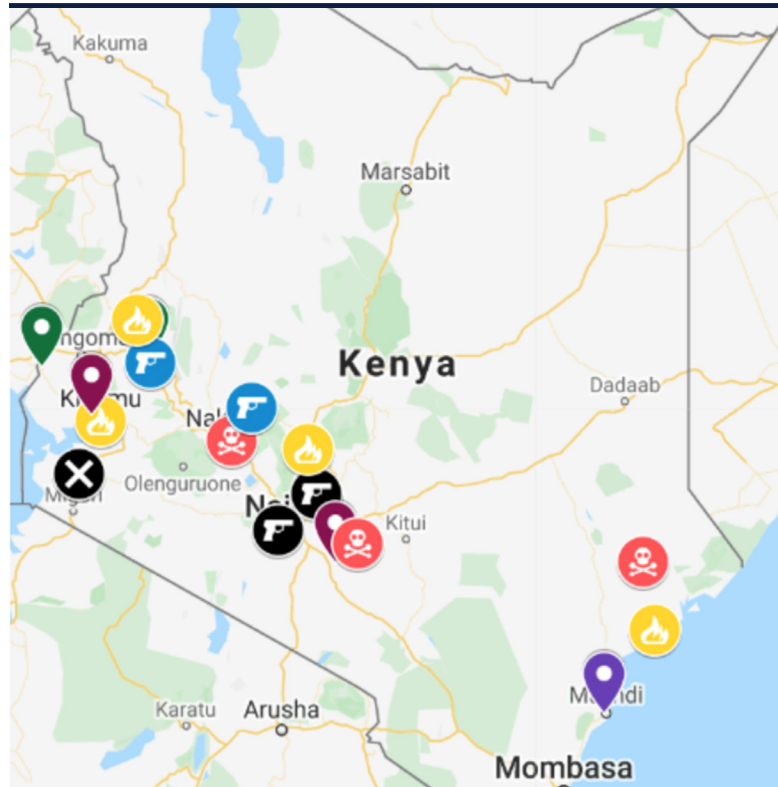

## AN AERIAL VIEW OF SECURITY INCIDENTS IN KENYA

The overall security incidents recorded across the country in the second week of February seemed to have slightly reduced as compared to the similar period last year. Despite the notable reduction, our security sources indicate that cases of fire were of great concern in this week under reference.

This ranged from fire outbreaks reported at Upper Hill High School, Kenyatta Market, and Laini Saba all in Nairobi County to fire consumption on the IFMIS computers at Kisumu County Government offices.

Other than the above, the Country continued to enjoy a near state of normalcy with increased police night patrols in areas perceived to be at high risk of criminal activities.

An instance is reported of police gunning down an armed robber and injuring two others after responding to a distress call at Gikambura area in Kikuyu Sub-County.
